Formal Complaint

Eddie Ashburn vs Nicholas C. Walter District  
(Your Name) (Utility Name)

Page 2

We were told he would mail us a contract to have  
Mr Blevins return our call. We waited for another  
week & a half. After which time we called Public Service

That is when Mr Blevins first contacted us. He was very angry w  
had called PSC and blamed Mr Williams for not giving him the  
message. We were then told we would have to wait 3  
more weeks, which was fine as long as we were going to get  
water (Cont.) on extra paper

wherefore, complainant asks

(Specifically state the

For a hearing or a PSC representative to  
relief desired. X

Come and see for themselves & help get  
the problem straightened out.

Dated at Carlisle, Kentucky, this 29 day  
(Your City)

of June, 1993.

Donna Hunter

(Name and address of attorney, if any)

During this time Mr Blevins was suppose to meet with 'us' on two separte ocassions between 6:30Am & 4:30Am to start digging. He never showed or even bother to call & cancel. After another week we called PSC again. At this time Mr. miracle ask if we would like to reopen the case. I explained how mad they had gotten before & was assured they could not hurt us by keeping water from us or raising the rates. After PSC called them the second time they have tried to come up with every excuse possible. We were told by the Nicholas County water Boards attorney that she would recommend they go ahead as planned. However; Mr Williams has come up with a code restriction plan that states utility lines are guarnteed easement to the back of the lots in our subdivision. Every line in the whole subdivision is ran in the front just as we are asking. We are not asking for nothing special just to be treated fairly like everyone else in the subdivision. We feel Mr. Williams is doing everything he can to put added Burden & expense to us for calling PSC. (The telephone company ran lines the second day & so did KU.) We can even get an assigned easement for the front of the lots he must go through from our neighbors but again this is not good enough. We also feel until we have someone from PSC to provide a hearing or to check into this in person he is not going to help us get water. We were told PSC was there to help us & thats all we are asking for. Thank-you
